GROWING UP WITH TREES – VAN MAHOTSAV

Appreciating the existence of green

Adding colours,
Smiling in glee,
Here our learners,
Painting creatively.

Debate, where grit and team spirit reign

Being sensitive towards nature and conserving them is the need of an hour. Keeping this in view, VIS celebrated Van Mahotsav week carrying out various activities like planting, debating, painting, delivering speeches. This gesture is a way to appreciate and admire what we are blessed with!
