

Landscaping India: Where Learning Meets Creativity

Our Grade 4 explorers brought India's landforms to life! With clay and dals, they shaped mountains, hills, deserts, and plateaus—learning through creativity and joy.

Through hands-on map-making, they explored India's landforms—observing elevation, terrain texture, plateau shapes, and mountain ranges with curiosity and care.

Tiny hands,
giant
landforms
- creativity
took its
form!

Grains
became
hills, clay
turned
grand—
India was
built by
every
hand!
