“Greening the Future, One Tree At a Time”

Children's laughter , echoes free, Under trees, where memories be'

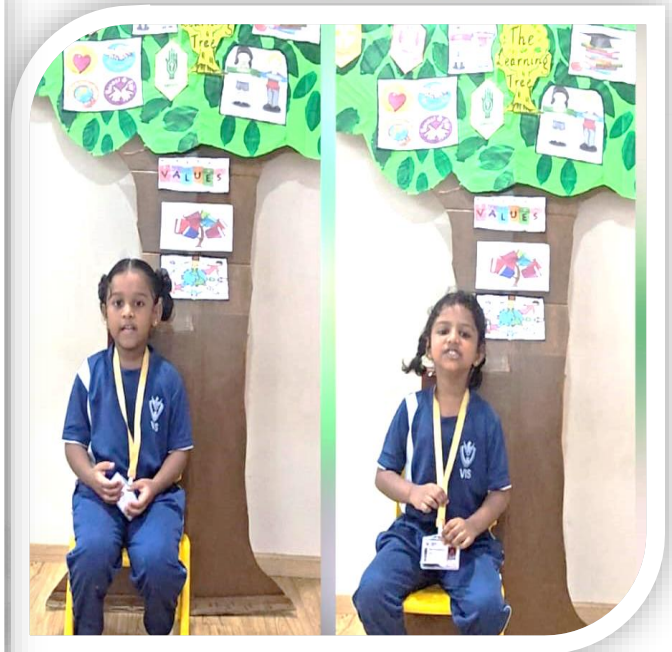

Fun-filled Leaf Printing and our little artists explored the beauty of nature through painting and printing

Red and yellow,
orange and green,
Leaves are dancing,
what a scene! Falling
gently from the trees,
Whirling,
twirling in the breeze!

"Trees provide us shade and rest, Their beauty is truly the best. They give us oxygen to breathe, A gift from nature, pure and sweet."

Leaves of different shapes and sizes, in bright colors, and our little artists created magical leaf patterns.

“Tiny Hands,
Green Plants!
Plants a Hope,
Watch It Grow!”

“Nature Walk: Little Feet, Big Discoveries!”

The walk in the nature sparked curiosity, built love for plants, and helped our little explorers connect with the environment in a fun and exciting way.

Leafy the puppet, so green
and bright,
Dances on strings, with
joyful might.
Teaching us lessons, with
every play, About the
importance, of trees each
day."

“ Vihaa International School marked Van Mahotsav Week with a puppet show titled ‘A Thank You, Trees – A Puppet Tale of Gratitude’, promoting love, laughter and nature care.”
