

Exploring Seasons, the Fun Way!

**We sorted seasons
with glee,
Spring, Summer,
Winter to see,**

**Pictures in place, a
fun sight,
Learning seasons,
pure delight!**

Our Sr. KG learners had an exciting time exploring the four seasons – Spring, Summer, Autumn, and Winter – through a fun picture-sorting activity!

With bright smiles and eager hands, they confidently placed each image under the correct season, showcasing their growing understanding and enthusiasm.

This engaging activity not only helped them recognize the unique features of each season but also boosted their observation and problem-solving skills. A delightful way to learn – filled with curiosity, joy, and discovery!
