

"Learning Uncountable Nouns Beyond the Page!"

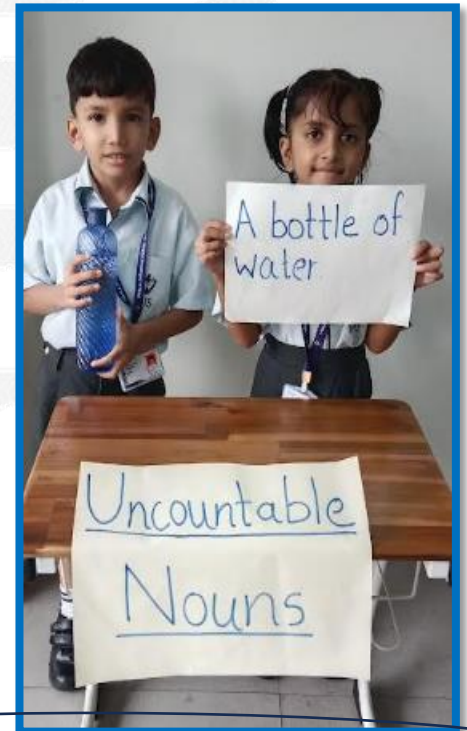

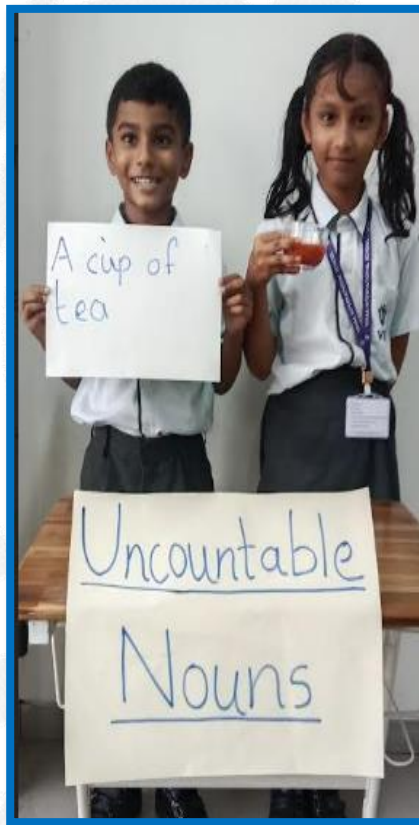

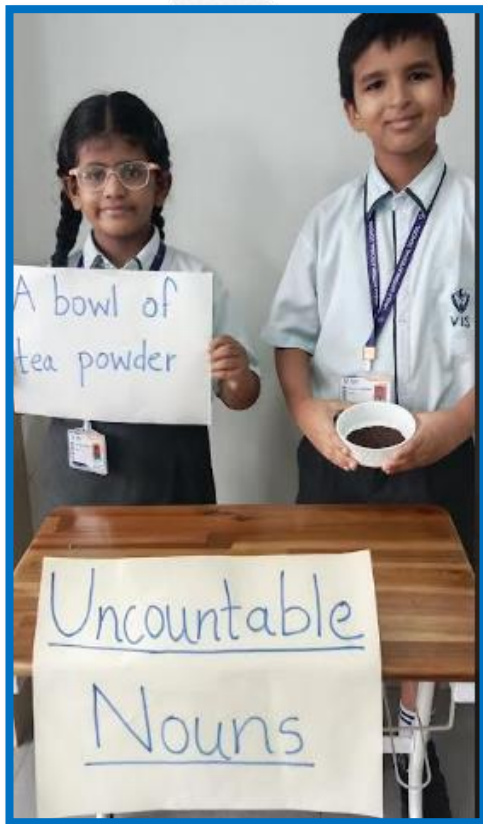

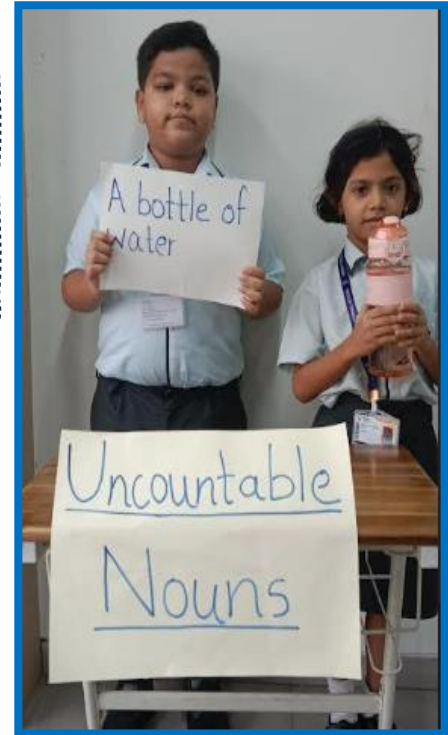

**Apples and pencils we
count with care,
But sugar and milk just
float in air!
Countable things we
number with glee,
Uncountable stay as
"some," you see!**

**"Grammar came to life—right in their
hands!"**

apples and pencils we
count with care,
One, two, three —
they're always there!
But sugar and milk just
cannot be,
They're uncountable —
as you can see!

Grade 2 learners explored countable and uncountable nouns through a hands-on activity. Using real-life items like tea powder, they confidently identified uncountable nouns—making grammar both fun and memorable!
