Inside India's Iconic Biscuit Brand Parle-G Factory Tour

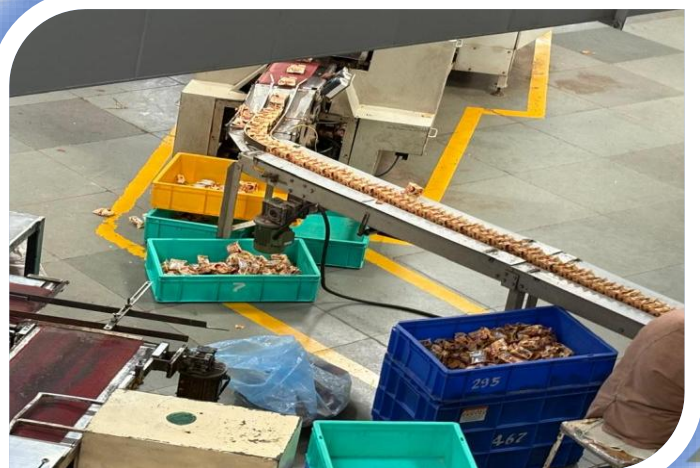

A taste of childhood, warm and sweet,
We saw where past and present meet.

Through steam
and stacks and
perfect lines,
We saw the
making of biscuit
rhymes.

The field trip transformed theory into experience — an unforgettable lesson outside the classroom.

The VIS learners undertook an insightful visit to the Parle-G factory, where they observed the systematic processes of biscuit production—from ingredient preparation to automated packaging—enhancing their understanding of industrial operations and brand legacy.
