“Little Shoppers on a Smart Adventure!”

Shopping carts rolled to and fro,
Tiny hands learned as they'd go!

Colors, prices, fruits so bright,
Smart Bazaar made learning a delight!

Our tiny tots went on an exciting field trip to Reliance Smart Bazaar! The young learners explored different sections of the store and observed how fruits, vegetables, groceries, and daily essentials are arranged and sold. It was a fun-filled learning experience where they understood the concept of buying and selling while practicing good manners and social skills. The visit turned shopping into a smart and joyful adventure!
