**“We Moved In and Out with Fun and Shout!”**

**We went in and  
we came out,  
We laughed, we  
sang, we  
danced about.**

**In the box and  
out once more,  
We learned  
with fun — and  
loved to  
explore!**

Our tiny tots explored the concept of In and Out through joyful play and action. They crawled through tunnels, jumped into circles, and stepped out with laughter and excitement.

The activity helped them understand directions and opposites while enjoying movement, rhythm, and teamwork.
